

EdGems Core Math Implementation at Chippewa Valley Schools

Starting in September 2023, Chippewa Valley Schools embarked on the full-scale implementation of the EdGems Core Math program, aimed at delivering a comprehensive and robust Middle School Mathematics curriculum. EdGems Core Math is an innovative curriculum designed to equip educators with essential resources that foster the development of students' mathematical skills. Fully aligned with the Michigan State Mathematics Standards, this curriculum supports teachers in delivering instruction that is both evidence-based and holistic.

EdGems Math offers a comprehensive, customizable, and differentiated approach to middle school mathematics, providing educators with a practical and engaging framework for teaching math that adheres to established standards. This curriculum is meticulously crafted to enhance students' conceptual understanding, procedural fluency, and the ability to apply mathematical concepts effectively.
